Dear pigeon friend,

With this PIPA Auction we approach the end of the Auction Season 2019-2020. However last is most certainly not least! Personally I have always been fascinated by the performances of Erik Reijnen on International One Loft Races. Every time again, when he competes he goes for gold. Many times that is a top position in the final or in the acebird competitions. Not seldom Erik lists impressive numbers of his pigeons in the top of the result. In tough races, but also with high velocities. It very much seems his pigeons are true allrounders.

Besides their quality also exposes in Belgium, as in 2020 Reijnen-Bolton-Hoogh had the 1st National Chateauroux youngsters. The conclusion can only be these pigeons are of highest quality. When your pigeons are capable of winning anywhere in the world, in all races and under all circumstances, it is fair to say that with such references these pigeons may just be the best pigeons possible in the world!

Erik is a modest man and he would never shout his successes out loud, therefore I insisted on writing this preface. Just to congratulate him with all he achieved in pigeons racing and to say 'Erik, you own one of the best pigeon families in the world!' Therefore PIPA is very proud we can offer this auction to buyers all over the world. Our first intention is not to sell many pigeons, our passion is selling the best pigeons in the world. Pigeons that can lift fanciers to higher levels and are close to a guarantee for success. Therefore we are grateful to organize this auction.

We here offer the life's work of a great fancier who reached the top of International pigeon sport! No one can look inside a pigeon's head, not even our experts, however we safely dare to say these pigeons represent a huge chance of succeeding for their new owners!

Kind regards,

# *Reaching for the stars all over the world*

The many National and International successes of Erik Reijnen in the latest decennium is like living in a dream. Worldwide known as 'Mr. One Loft Race', but with also NPO and National wins on his curriculum the status of the loft 'Reijnen-Bolton' is in fact much more. Probably no other pigeon fancier has been winning in so many places in the world.

The spectacular siege of Erik Reijnen in Dutch NPO racing & International One Loft racing made a deep impression worldwide. His great class pigeons appear to stand out in the crowd under a great variety of conditions, what makes them extremely unique. Winning 2 out of 3 Car races in the Derby Arona Classic in 2014 was never shown before in the world; it directly made Erik Reinen to one of the biggest sensations in modern pigeon racing. Recent years this status grew on and on and on.

## **On his way to success**

When father Marinus Reijnen started homing pigeons in the 1960s, his son Erik got involved in the sport as well in

1976, as a 13 year old. As M. Reijnen & Son many top performances were listed and after Marinus' death in 2004, Erik had one big goal; defending the Reijnen honour and – next to NPO racing - conquering the world of One Loft racing. First since 2005 from his own loft as Hok M. Reijnen and since 2016 as Hok Reijnen-Bolton, with the well-known British fancier Brian Bolton and his girlfriend Michelle as compagnons."

Next to his father, very important in Erik's career has been Jos Leuris from Ulicoten, who thoroughly increased his expertise in breeding and racing pigeons. Father Marinus was the man who learned Erik maybe the most

important lesson; always make sure the breeding base is of the highest level. Marienus gave the right example; he started with original pigeons of Louis van Loon and Maurice Delbar. "From that moment I always kept investing in top pigeons," Erik says. "For me the only way to the highlights I longed for so much."

### Success on all disciplines

The choice to compete in International One Loft races lays in Erik's job as owner of a restaurant. "That's working from early in the morning until late in the evening. Absolutely not ideal to race pigeons. The best way to test my pigeons was to send them to One Loft Races. And very often we visited the finals as my wife and I love to travel." Very soon results of the Reijnen-pigeons became very good and when Erik contracted a loft manager to lead his colony in Holland, he started to dominate on several disciplines.

### Pigeon with multiple qualities

'Good pigeons are good pigeon, wherever in the world' became the credo of Erik Reijnen. In his present colony still the influences of investments in the last two decades are most important. In 2006 Erik bought the total colony of Verschuren-Hessels, based on the bloodlines of Louis van Loon, Gebr. Janssen and Edmond Tournier.

The bloodline of 'Oude Bonte' is one of the Basic lines in the Reijnen family. Maybe even more dominating are the pigeons Erik purchased at Wout Spierings; from all the main breeders of Wout children moved to Erik. 'Amazing Gold' – a full sister to 1. Nat. acebird WHZB 2002 'De Kanjer' - became the absolute nr. 1 breeding hen ... her direct children 'White Creator', 'Golden Jewel', 'Golden Bull', 'Bomber Bull', 'Remie 51' and 'Mister Arlon' (father new base cock 'Zagato') are the pillars on which the Reijnen colony was built. All these pigeons are from the world famous 'Creator'-family, world famous breeder for Mike Ganus, USA.

Cross material from several top lofts were tested; only a few succeeded. Like for instance pigeons of Arie Dijkstra, himself just like Erik Reijnen successful on both National racing and on One Loft Races worldwide ... for instance 'Sweet Tinkelbel' became a super breeding hen and 'Dijkstra's Spikkel' became hen of famous 'Picasso'-Pair, one of the most successful OLR breeding pairs in the world! Furthermore recent purchases of a/o Comb. Van Wanrooij, Willy Daniëls, Premier Stud and 'Son Generaal' from Johan & Ronnie Van Belzen gave extra quality injections to the Erik Reijnen colony.

### 1st National Chateauroux 2019

Erik Reijnen and Brian Bolton got used to winning the last years ... in their club, their Fed, in NPO racing and all over the world ... from South Africa (Million Dollar Race) to China (Great Wall Golden Top Race) ... from Thailand (FCI world championship) to the United States (World Ace Challenge) ... and from East-Europe (Balcanic Fair Play Cup) to the South of Europe (Derby Arona, Algarve Great Derby).

However one of the greatest successes was in the late summer of 2019, in Belgium where Reijnen-Bolten-Hoogh (Gert-Jan de Hoogh joined the team in 2019) race in Baarle-Hertog. It is on this location where BE19-6065829 'Noé' won National Châteauroux III Youngster and the fastest of more than 22,000 birds ... a hen with all major breeding lines combined in her pedigree. It makes the circle round; starting winning as father and son Reijnen in The Netherlands, conquering the world on One Loft Racing, and ending with a National win in 'the home of pigeon racing' Belgium. Next step is the auction of Erik's life's work on PIPA; the final appreciation.
